

A semi-automatic unit which simply but effectively assembles lobster claw type clasps by inserting the trigger complete with spring into the shell. Rapid tool changeover allows different size clasps to be processed on the same machine. Shell and trigger/spring assemblies are positioned on the machine by the operator, and with the clasp is assembled by a touch of a button.

MAM

Technical features

Max. production speed

6 – 12 pieces/min

Technical data

Voltage (singlephase)

230 V 50/60 Hz

Power

0.1 kW

Compressed air

3.5 lt./min (dry) at 6 bar

Dimensions

75 x 40 x 40(h) cm - 28 kg

packing

57 x 78 x 56 (h) cm - 48 kg
