PRODUCT DETAILS

LSM

LOGO STAMPING MACHINE

The LSM Jewellery Logo Stamping Machine by Ciemmeo is a high-speed unit designed to stamp logos, purity marks, or identification codes on jewellery spring ring shells. Part of the Spring Ring production line, it ensures consistent precision and reliability in every marking operation.

This jewellery logo stamping machine automatically feeds empty spring ring shells from a vibrating hopper into the stamping unit. Two presence sensors manage shell flow to guarantee constant feeding and prevent misalignment during marking.

MAIN FEATURES

- Interchangeable logo/purity stamps
- High speed & compact

TECHNICAL DATA

Production speed	180 pce/min
Shell sizes processed Ø	4.00 – 7.00 mm
Voltage (single phase)	230 V 50 Hz
Power	0.5 kW
Compressed air	10 lt./min (dried & filtered) at 7 bar
Dimensions	40 x 55 x 85 (h) cm – 67 kg
Packing	80 x 60 x 120 (h) cm – 105 kg
