AUTOMATIC HAMMERING PRESS

The PS2S Lobster Clasp Stamping Machine by Ciemmeo is a 30-ton automatic press designed for stamping lobster clasp shells and triggers. This high-precision machine delivers exceptional accuracy and versatility in lobster clasp and trigger production.

The lobster clasp stamping machine ensures consistent and reliable results through its micrometric accuracy and advanced mechanical design. A simple traction system pulls the chain only when the stamping blocks are open, preventing uncontrolled stretching and maintaining perfect tension during operation.
