SRM

AUTOMATIC ROPE CHAIN MACHINE

The SRM Rope Chain Making Machine by Ciemmeo is a fully automatic and compact system designed for the production of rope chains from 0.25 to 1.20 mm wire. It combines mechanical precision and advanced electronic control to ensure flawless chain quality, speed, and consistency.

This rope chain making machine integrates the latest mechanical and electronic technologies to deliver high-speed, precise, and reliable rope chain production. Optical fibres control synchronised brushless motors that manage the delicate positioning, weaving, and soldering of each link, guaranteeing perfect alignment and brilliance.

MAIN FEATURES

- Wire Ø from 0.25 to 1.20 mm
- Synchronised brushless motors
- Optical fibre control
- Miniaturised focusing scope
- Optional integrated laser
- Tele-assistance available
